Service Procedure

Hove A/S must receive this document before or when receiving grease pumps for service. The document must contain all relevant information.

Hove A/S will send a quotation of the service to the customer for accept, and servicing of the pumps will start as soon as possible after receipt of the customer's PO.

Service Address

Hove A/S
Herstedoestervej 7
2600 Glostrup
Denmark
Att. Workshop
Customer's Ref. No.: (as indicated at the top of this doc.)

Service Costs

If the warranty period has expired, Hove A/S will carry out inspection and testing of all grease pumps received for service. This includes handling, registration, troubleshooting, pump test, system test, calibration, and CE-test. The customer will be charged for 2 labour hours for these tasks.

For accessories e.g. Hose Kits, the customer will be charged for ½ labour hour for handling, registration, and test.

In addition to this, the customer will be charged for parts and labour hours depending on the service provided

If the customer does not accept the quotation of the service, Hove A/S will scrap the grease pumps for free or return the grease pumps to the customer for a service charge of 2 labour hours plus shipping.
